

Undergraduate International Student Organization (ISO)

Did you know there is currently NO International Student Organization (ISO) for undergraduates on campus! Do you have an interest in being a part of a campus organization that can help benefit YOU and people like you!?

Our office would like to see undergraduate students partner together to create the campus' first ISO for undergraduates. Our goal is the Undergraduate ISO and the Graduate ISO can team together to be a great voice on campus. There is opportunity to provide fun and interesting activities for international students, bring unity to the campus as well as have your issues be heard.

If this interests you please respond or stop by our office to receive more information and sign up!
